ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF PANAFIC INDUSTRIALS LIMITED**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of Panafic Industrials Limited ("the Company") as of 31 March 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted

accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Significant accounting policies and notes to the financial statements for the year ended 31 March 2016
(All amounts are in Indian Rupees)

1(a). COMPANY OVERVIEW

M/s Panafic Industrials Limited is a Non-Banking Financial Company incorporated under the provisions of Companies Act, 1956 on 01st January, 1985 having its registered office in Delhi, with the objective of carrying on the business of financing industrial enterprises by way of making loans and advances, purchase or otherwise acquire, erect, maintain, sell, give on lease or hire all kinds of movable or immovable properties, assets, equipments, articles, plants, machineries, factories, furniture, fixtures, buildings, goods or things of any description that the Company may deem fit.

1(b). SIGNIFICANT ACCOUNTING POLICIES

(i) Basis of preparation

The Financial Statements are prepared under the historical cost convention on a going concern basis, on the, accrual basis of accounting, in accordance with the Generally Accepted Principles (GAAP) in India and comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules 2014, to the extent applicable, as adopted consistently by the Company.

(ii) Current–non-current classification

All Assets and Liabilities have been classified as current and non current as per the normal operating cycle and the criteria set out in Revised Schedule III to the Companies Act, 2013. The Company has ascertained its operating cycle as 12 months for the purpose of current/ non current classification of assets and liabilities.

(iii) Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles require management to make estimate and assumptions that affect the reported amount of assets and liabilities, the disclosure of contingent assets and liabilities on the date of financial statements and the result of operations during the reporting periods. Although these estimates are based upon management's knowledge of current events and actions, actual results could differ from those estimates and revisions, if any, are recognized in the current and the future period.

(iv) Revenue recognition

- a) Income from Interest on financing activities is recognised on accrual basis.
- b) In respect of other heads of Income & Expenditure, the Company follows the practice of recognizing expenses and income on accrual basis.
- c) Income from trading in securities comprises of Profit/ Loss on sale of securities held as stock in trade and profit/ loss on equity and derivative instruments. Profit/ Loss on sale of securities are determined based on the FIFO cost of the securities sold and is accounted for on the trade date of transaction.

(v) Impairment

The carrying amounts of assets are reviewed at each Balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the recoverable amount of the asset is estimated. For assets that are not yet available to use, the recoverable amount is estimated at each Balance Sheet date. An impairment loss is recognized whenever the carrying amount of an asset or cash generating unit exceeds its recoverable amount. Impairment losses are recognized in the statement of Profit and Loss Account. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined net of depreciation or amortization, if no impairment loss has been recognized.

(vi) Investments

Investments are classified into non-current investments and current investments based on intent of management at the time of making the Investment. Investments which are intended to be held for more than one year are classified as non current investments and those which are intended to be held for less than one year are classified as current investments. Long term investments are valued at cost unless there is diminution, other than temporary, in their value. Current investments are valued at lower of cost or market value.

(vii) Inventories

The Inventories of stock and securities have been valued at lower of cost or market value.

(viii) Employee benefits

The Company's obligation towards various employee benefits is recognized as follows :

Short-term employee benefits

- a. All employee benefits payable/ available within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages and bonus etc., are recognized in the Statement of Profit and Loss in the period/ year in which the employee renders the related service.
- b. Employee entitlements to annual leave are recognized when they accrue to the eligible employees. An accrual is made for the estimated liability for annual leave as a result of services rendered by the eligible employees up to the Balance Sheet date.

(ix) Current and deferred tax

Income tax expense comprises of current tax (i.e amount of tax for the period/ year determined in accordance with the Income Tax Law) and deferred tax charge or credit (reflecting the tax effects of timing difference between accounting income and taxable income for the period/ year). The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognized using the tax rates that have been enacted or substantively enacted by the Balance Sheet date. Deferred Tax Assets are recognized only to the extent there is reasonable certainty that the assets can be realised in future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognized only if there is virtual certainty of realization of such assets.

Deferred tax assets are reviewed as at each Balance Sheet date and written down or written-up to reflect the amount that is reasonably/ virtually certain (as the case may be) to be realized.

(x) Leases

Lease payments under operating lease are recognized as an expense in the Statement of Profit and Loss on a straight line basis over the lease term.

(xi) Provision, contingent liabilities and contingent assets

The Company creates provisions only when there is a present obligation as a result of past events that probably requires an outflow of resources and a reliable estimate that can be made of the amount of the obligation. A disclosure for contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Provisions are reviewed at each Balance Sheet date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent assets are not recognized in the financial statements. However, contingent asset are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the assets and related income are recognised in the period in which change occurs.

(xii) Earnings per share

Basic earnings per share are computed using weighted average number of equity shares outstanding during the year. Diluted earnings per share are computed using weighted average number of equity and dilutive potential equity equivalent shares outstanding during the year, except where the results would be anti- dilutive.

(xiii) Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.
